How Do We Interact?
You and Your Baby Can Tell Us…

A University of Miami research study is investigating how one-year-olds interact with their parents.

Who can participate?
- Babies 11 to 15 months of age and their parents.

What would I do?
- You and your baby will participate in a 45-minute long play session.

Contact us at: umchildresearch@psy.miami.edu or (305) 284 - 1042 if you are interested in participating.

This study is being conducted by Dr. Daniel Messinger at the University of Miami.

You will receive compensation for your participation.

The session with you and your baby will be video-recoded.
